

How start and pay for charging

Download the Spirii Go app

1. Download Spirii Go in App Store or Google Play
2. Register with either your email or mobile number
3. You'll receive an email/SMS on your mobile with a verification link/code to confirm registration
4. Enter contact and payment details
5. You're now connected and ready to charge

Start a charging session

1. Find charger in the app using the map or search field
2. Connect your car to the charger
3. Choose the charger in the app and "Start charging"
4. The charger will light up blue, when charging
5. You can see and follow your charging session in app
6. Done charging? Stop charging session in app
7. Release the cable from the car and then disconnect from the charger

Spirii Go
